Tuning:Im down in C but you can easily play this in D...just drop everything 2 frets.

This song is not on the Getting Away with Murder cd...but if you enter the code into napster that is given to you in the cd (atleast at best buy I know it is).. then you get this song plus two other unreleased ones...so for those of you who know this one...it really rocks.

Intro

```

D|-----|
A|-----|
F|-----|
C|--13--15-----|
G|--13--15-----|
C|--13--15-----|

```

check rythm...just goes back and forth between two chords

After playing back and forth betwenn those two chords for a while...everythign stops...and it switches to this for the verse

```

D|-----|
A|-----|
F|-----|
C|-13-15-13--18---13-15-13--10-13-15-----|
G|-13-15-13--18---13-15-13--10-13-15-----3-----|
C|-13-15-13--18---13-15-13--10-13-15-----3-----|

```

Figure out the rythm...not that complicated...basicly goes back and forth between that. After playing that riff a few times he goes and rocks on the Palm Muted 3 s... but you could keep going with that riff because the bass does...which makes it sound cool

He has a second guitar playin this notes when he is on the 3

```

D|-----13-----16-----|
A|--6-----13-----16-----|
F|-----|
C|-----|
G|-----|
C|-----|

```

And quickly before the chorus he has this little riff which is cool. Not sure if its perfect...but it sounds right

```
D|-----|
A|-----|
F|-----8-----|
C|-----8-----8h10-----|
G|---8h10---10-----|
C|-----|
```

Pre Chorus

```
D|-----|
A|-----|
F|-----|
C|--4--6-6---6-8-8-----|
G|--4--4-4---6-6-6-----|
C|--4--4-4---6-6-6-----|
```

Chorus

```
D|-----|
A|-----|
F|-----|
C|--8---6---4---6-----|
G|--8---6---4---6-----|
C|--8---6---4---6-----|
```

Little Solo part after 2nd chorus

```
D|-----16~13-----|
A|-----9--13-----|
F|~11--~10-----|
C|-----|
G|-----|
C|-----|
```

And thats all really...most of the song is that main verse riff which is cool...you can fool around with harmonics and the E flat chord (the 333)...and mute that in parts...just watch out for the rythm changes and enjoy.
