Bm
Oh oh I
Oh oh oh I
Oh oh I
Oh oh oh I
Bm
Ya got a way of living your way say I want that
                              D/F#m
I try to live my life for the people who need a come back
There s too many problems to think that you can fix me
                                    D/F#m
My name is called the world and I m dying of unbelief see
I m the kind of person who s strong and wants to react
                                D/F#m
So feel me when I fight for the cause of bringing hope back
Don t ask me where I m going cause I could never prove that
But I do have something to say
Bm
I am reaching from the depths of my soul
                                               Bm
Hear me pleading I m a child I m the poor I am needing
To draw on your virtue you believe it
             Α
Trinity don t say goodbye
                  Bm
And you know that time after time we will survive
That s why I m still alive
                  G

Bridges broken their souls pourin out oh why

Unbelief get out my head
You can t win cuz I m not dead

All my people under fire you can bet this time that I will survive
