

American Secrets
Parachute

[Verse]

When the sun set low in the blood red sky, yeah
Every house called out as we passed them by, yeah
She would grab my hand as the trees leaned in, yeah
Oh I m still racing home from the place I ve been

[Bridge]

It was all I knew
I was waiting for the big one
And I stayed forever

[Chorus]

Oh, oh, American secrets
Oh, Oh, Had a dream that was ours
That we just didn t know yet

[Verse]

We would drive out through every lonely street, yeah
Smell the truth in hear hair, felt the world at my feet, yeah
But we were just two kids in a beat-up car
Oh I m still driving home from the things I ve done

[Bridge]

It was all I knew
I was waiting for the big one
And I stayed forever
