

**Under Control**  
**Parachute**

This is my first shot at figuring out chords for a song and actually putting them up for to see.

Tuning: EADGBE(standard)

Intro:

**Fmaj7, C, G, Am, Em**

Verse:

**Am**

I turned my head. I can't shake that look you gave

**Dm9**

and I'm good as dead. Cause all those eyes are all it takes

**F5 G5 Am**

and all I want is you

(Am chord is still playing)

So I pull away, all I do is sit and wait

**Dm9**

and I might as well write the words right on my face

**F5 G5 C G5 F5**

and all I want is you, Oh it's you.

Chorus:

**Fmaj7 C G Am Em**

Because I've kept my heart under control, but lately

**Fmaj7 C G Am Em**

all this time has taken its toll. Said I tried to

**Fmaj C G**

but I can't hold back what's deep in my soul.

**Am E F5 G5**

**Am**

Oh so darling please forgive me. I want you and you'll just have to know.

Verse2:

**Am**

And all my fears creep and crawl across my skin

**Dm9**

and these four walls are after me and moving in

**F5 G5 (pause) F**

and all, all that I want to do is give up, give in

**G**

let this one stay where it is, but I don't suppose I will.
