

White Dress
Parachute

White Dress by Parachute.

The song is mostly power chords throughout, so I didn't bother to put the minor on the As and Es, but if you are playing open chords, be sure to play the minors. Enjoy!

Intro.

A C F C x2

Verse 1-- On the record, Electric and Acoustic guitars are both out, and piano plays a high C chord for the majority of the verse with bass carrying melody. When playing alone, I think the intro chords follow the verse better.
