 --Structure--

[Rhy Fig 1. (8x) Fade in]
 [Rhy Fig 2. (2x) & Fig 1. Throughout]
 You ll see the blood
 Blood of another
 You ll see the blood
 As we roll in it together
 You ll see the blood
 Blood of another
 You ll see the blood

As we roll in it together tonight

[Rhy Fig 3. (1x) then Rhy Fig 4. (1x)]

What unruly life is like?
What is fabled wisdom like?
This indulgent grace is
Spinning round and leaving all behind
Knowledge limits you besides
Claming you re so sure by vibes
In this frozen climate
The temperature should bring you down to rights
Should bring you down to rights

[Rhy Fig 2. (2x) & Fig 1. Throughout]

You ll see the blood
Blood of another
You ll see the blood
As we roll in it together
You ll see the blood
Blood of another
You ll see the blood
As we roll in it together tonight

[Rhy Fig 3. (1x) then Rhy Fig 5. (1x)]

Beauty, purity inside
Twisted madness filth and vice
Death is not selective
The darker shroud will fall on all despite
Recklessness, the fault in mind
Anger, laughter can t provide
Try to turn a blind eye
The wasting pain one trip you cannot buy

[Rhy Fig 2. (2x) & Fig 1. Throughout]

You ll see the blood
Blood of another
You ll see the blood
As we roll in it together
You ll see the blood
Blood of another
You ll see the blood
As we roll in it together tonight

[Break w/Rhy 1. and some other stuff...]

[Rhy Fig 2. (4x) & Fig 1. Throughout]

You ll see the blood
Blood of another
You ll see the blood
As we roll in it together
You ll see the blood
Blood of another
You ll see the blood
As we roll in it together

You ll see the blood
Blood of another
You ll see the blood
As we roll in it together
You ll see the blood
Blood of another
You ll see the blood
As we roll in it together tonight
