D G D C

And other people laugh at me for living life this way

They say you won't get anywhere at all

When living like it's Sunday everyday

Maybe I should try to change

And try a little Saturday

But I don't feel like stressing now

Tomorrow is another day

Maybe

But I'm living like it's Sunday everyday

And other people laugh at me for living life this way

They say you won't get anywhere at all

Living like it's Sunday every

I'm living like it's Sunday everyday

And other people laugh at me for living life this way

But still I keep on

Living like it's Sunday everyday

And when I fall asleep I hope it's Sunday when I wake

And if it's not I know

I'm still living like it's Sunday everyday
