[Intro] **Bm**   **F#m**   **Bm**   **F#m**

    Bm
I m sitting in a room
        F#m
Made up of only big white walls

And in the halls
     Bm
There are people looking through the window and the door
   F#m
They know exactly what we re here for
  Em
Don t look up, just let them think
     A
There s no place else you d rather be
    Bm
You re always on display
      F#m
For everyone to watch and learn from
        Em
Don t you know by now

      D **A**
You can t turn back
     Em   **G**   **F#**
Because this road is all you ll ever have

Bm   **G**   **Em** **F#**
 And it s obvious that you re dying, dying
Bm   **G**   **Em** **F#**
 Just living proof that the camera s lying
   G   **Em**
 And oh, oh open wide
               G   **A**
 Cause this is your night, so smile
    F#   **Bm**   **F#m**
 Cause you ll go out in style
        Bm   **F#m**
You ll go out in style

      Bm
If you let me I could
         F#m

I d show you how to build your fences

Set restrictions
    Bm
Separate from the world
                                        F#m
The constant battle that you hate to fight

Just blame the limelight
Em
Don t look up, just let them think
        A   **Em**
There s no place else you d rather be in now

               D **A**
You can t turn back
           Em   **G**   **F#**
