And found a demon in my safest haven seems like

it s getting harder to believe in anything
Than just to get lost in all my selfish thoughts

To find perfection in my pride to see nothing in the light
Αm
I ll turn it off, in all my spite
In all my spite, I ll turn it off
Refrão:
                   G/B

Before it gets any better

We re headed for a cliff
And in the free fall

I will realize I m better off

When I hit the bottom

Am
The tragedy, it seems unending
I m watching everyone I looked up to break and bending
We re taking shortcuts and false solutions
Just to come out the hero
Well, I can see behind the curtain

Towards a goal that s non-existent
