

**Take My Hand
Pass The Peace**

Pass The Peace-Take My Hand

G
It s been about two years since I ve seen your face
D **Em** **C**
and I wonder if you feel the same way, I do.

G **D**
I m heading down to Texas in about an hour and I ve picked and early flight
Em **C**
so I can see the sun rise with you.

G **D**
But do you even want to see me?
Em **C**
Cause I can t take the suspense any longer.

G **D**
And I know it s been awhile
Em **C**
but my love for you has only grown stronger.

G **D**
So take my hand, and I ll show you the way.
Em
We can run, we can hide.
C **G** **D**
We can laugh and we can stay together all of our lives.
Em
Cause you know that s what I want.
C **G**
But I can t make you feel the same.

G
So, here goes nothing but my heart on the line.
D **Em**
On the surface things are good but inside I m dying and I just can t deny the
C
truth anymore.

G **D**
So do you even feel the same way?
Em **C**
Cause I just can t take this pain any longer.

G **D**
And I know it s been awhile

Em **C**
but my love for you has only grown stronger.

G **D**
So take my hand, and I ll show you the way.

Em
We can run, we can hide.

C **G** **D**
We can laugh and we can stay together all of our lives.

Em
Cause you know that s what I want.

C **G**
But I can t make you feel the same.

G **D**
Your eyes meeting mine was all it took

Em
Like the happy ending in a book.

C
You were meant for me, you were meant for me.

G **D**
And I feel the passion in your soul.

Em
Your heart beats way out of control.

C
I was meant for you, I was meant for you.

G **D**
So take my hand, and I ll show you the way.

Em
We can run, we can hide.

C **G** **D**
We can laugh and we can stay together all of our lives.

Em
Cause you know that s what I want.

C **G**
But I can t make you feel the same.
