All The Little Lights

Capo 7

[Intro:] **D, A, Bm**

[Verse]

**Bm**                    **D**            **A**                    **Bm**  
One went out at a bus-stop in Edinburgh  
                  **D**            **A**            **Bm**  
One went out in an English park  
                  **D**            **A**                    **Bm**  
One went out in a night club, when I was fifteen  
**D**            **A**                    **Bm**  
Little lights in my heart

[Verse]

**D**            **A**                    **Bm**  
One went out when I lied to my mother  
                  **D**                    **A**                    **Bm**  
Said the cigarettes she found were not mine  
                  **D**                    **A**  
One went out within me  
                  **Bm**  
Now I smoke like a chimney  
                  **D**                    **A**                    **Bm**  
It s getting dark in this heart of mine  
                  **D**                    **A**                    **Bm**  
It s getting dark in this heart of mine

[Chorus]

**A**  
We re born with millions  
                  **D**                    **A**                    **G**  
Of little lights shining in the dark  
                  **Bm**                    **A**  
And they show us the way  
                  **D**                    **A**                    **G**  
One lights up, every time you feel love in your heart  
                  **Bm**                    **A**  
One dies when it moves away

[Verse]

**D**                    **A**                    **Bm**

One went out in the back streets of Manchester

**D A Bm**

One went out in an airport in Spain

**D A**

One went out, have no doubt

**Bm**

When I grew up and moved out

**D A Bm**

Of the place where the boy used to play

**D A Bm**

One went out when uncle Ben got his tumor

**D A Bm**

We used to fish and I fish no more

**D A**

Though we will not return

**Bm**

I know one still burns

**D A Bm**

On a fishing boat of the New Jersey Shore

**D A Bm**

On a fishing boat of the New Jersey Shore

[Chorus]

**A**

We re born with millions

**D A G**

Of little lights shining in the dark

**Bm A**

And they show us the way

**D A G**

One lights up, every time you feel love in your heart

**Bm A**

One dies when it moves away

**A**

We re born with millions

**D A G**

Of little lights shining in our hearts

**Bm A**

And they die along the way

**D**

Till we re old and we re cold

**A G**

And we re lying in the dark

**Bm A**

Cause they ll all burn out one day

**D A Bm**

They ll all burn out one day

**D A Bm**

Oh oh, they ll all burn out one day

**D A Bm**

They ll all burn out one day
