**Passenger**

CAPO III

**G CADD9 G CADD9**

**G**

Well well roll down

**CADD9**

Dirty old windows

**G**

Sing with our eyes closed

**CADD9**

And belt out the high notes

**G**

And well go down

**CADD9**

to the beach where the wind blows

**G**

Well throw off our old clothes

**CADD9**

and well dance with our eyes closed

**G CADD9**

**G CADD9**

Cuz I see love I see love when I close my eyes

**G CADD9**

**G CADD9**

and I see love I see love when I close my eyes

**G**

Yea well watch the stars glow

**CADD9**

and the flames burn the wood slow

**G**

Playing games with our shadows

**CADD9**

till all four of our eyes close

**G**

And Darling well sleep close

**CADD9**

with no blankets or pillows

**G**

Like the wind in the willows

**CADD9**

and well dream with our eyes closed

**G CADD9** **G CADD9**  
Cuz I see love I see love when I close my eyes  
**G CADD9** **Em D Am**  
and I see love I see love when I close my eyes  
**CADD9 D**  
And I feel love in spite of myself  
**CADD9 D**  
I feel love to frighten myself  
**CADD9 D**  
I feel love and I feel nothing else

**G CADD9**  
Vultures and black crows perching on sign posts  
**G Cadd9**  
circling light posts so well just keep our eyes closed
