Song: The way that i need you

Capo 1

[Intro]

C F X3

[Verse 1]

C **F** **C**
Heâ€™s the deflated balloon wrapped around your gait
F **C** **G**
Cut priced to clear a past to â€œsell by a dateâ€•
 C **F** **Am** **G**
Heâ€™ll be fool running through the church screaming out â€œitâ€™s not too
lateâ€•
 G **C**
When he does, I know that youâ€™ll wait

[Verse 2]

C **F** **C**
Heâ€™s the drunk man with bad breath coming on too strong
F **C** **G**
Heâ€™s the beauty queen that strings your heart along
 C **F** **Am** **G**
And heâ€™ll answer every question in your new-age magazine wrong
G **C**
But I know you love him strong

[Chorus]

F **C**
So Iâ€™m leaving before thereâ€™s nothing to believe in
 G **C**
Iâ€™m just craving for a love I never knew
F
Please donâ€™t go misreading me
 C
Iâ€™m not saying youâ€™ve been misleading me
 G **F** **C**
Just not needing me the way that I need you

C FX3

[Verse 3]

C **F** **C**
Heâ€™s the elephant in the room that never speaks
F **C** **G**

But you dream about him every two weeks

(* = Strum Once)

C **F** **G** **Am**
I wouldn't know his name, but you call it in your sleep
G **C**
Oh I know you love him deep

[Bridge]

C **F** **C**
So run back to him like you should
F **C** **G**
I guess I always knew that you would
C **F** **Am** **F (Hold)**
For he's captured your heart in a way I never could
G **C**
So go on and love him good

[Chorus 2]

F **C**
So I'm leaving before there's nothing to believe in
G **C**
I'm just craving for a love I never knew
F
You're the book I can't stop reading
C
I'm the stray cat you keep feeding
G **F** **C**
But the tides, they are receding that it's true
F
So please don't go misreading me
C
I'm not saying you've been misleading me,
G **F** **Am CMaj7 G**
Just not needing me the way that I need you
C **F** **C**
Just not needing me the way that I need you

[Outro]
