

Travelling Song
Passenger

I was searching all over for the chords to this song but couldn't find them, so I decided to figure it out myself. I think it's pretty much right. It's my first post so we'll find out!
Standard tuning with no capo.
Enjoy!

[Intro]

Em G C G x2

Em G
This is your travelling song,
C
And I hope it sees you well,
Am
Through train rides and hotels.

This is your travelling song,
C
And on the window of the train,
Am
With your finger write my name.

C D
But I could sell my watch and buy a ticket,
G A
But my dear I fear I would impede,
G C G
So this is your travelling song my love,
D Em
I hope you find everything you need.

Em G
This is your travelling song,
C
And here's one for the road,
Am
The highway and the code.

Em G
This is your travelling song,

And I won't ask you to stay,
Am
Cos life don't work that way.

C **D**
But I could try and fit inside your suitcase,
G **A**
But my feet would stick out of the end,

Come find me when your travelling ends,

This is your travelling song my love,
