[Verse 1]

Em	C
You re just a stones throw from me	
	G
But throwing stones could never be	
	D
The perfect way to start	

[Verse 2]

Em	C
Cos sticks and stones make broken bones	
	G
Empty words make broken homes	
	D
But its love that broke our hearts	

[Chorus 1]

Am	G	D
And if I knew what you were thinking		
Am	G	D
I would stop this boat from sinking		

**Am**                      **C**                      **G**  
But darling you are like the sand  
                         **D**                      **Am**  
And you re slipping through my hands  
                 **C**                      **G**  
I just don t know what you re thinking

[Intro]

[Verse 3]

**Em**                                      **C**  
You re just a photo in a drawer  
   **G**  
But photographs are not much more  
                                 **D**  
Than ghosts we can t forget

[Verse 4]

**Em**                                      **C**  
You re just a red rag to a bull  
   **G**  
You re just a false hope for a fool  
   **D**  
But it s as close as I can get

[Chorus 2]

**Am**                                      **G**              **D**  
And if I knew what you were thinking  
**Am**                                      **G**              **D**  
I would stop this boat from sinking  
**Am**                                      **C**                      **G**  
But darling you are like the sun  
                         **D**                      **Am**  
Setting when my evening comes  
                         **C**                                      **G**  
I just don t know what you re thinking

[Bridge]

**Am**                                      **Em**  
And I will stop the sky from falling  
**G**  
If I knew  
**D**  
If I knew  
**Am**                                      **Em**  
And I will love you every morning
