Little Secrets Passion Pit

This is not in the same key, but I really like the way this sounds. It is not meant to be a direct replication of the original.

```
Capo 2
Verse:
When I came down the sun poured into me
I shook em up, the walls came crumbling
my fists kept trembling with these salty wounds
my stolen gold inside the emperors tomb
now baby wait looks like a lovely face
I built this cardboard neighborhoods disgrace
who let it said that you re my favorite sphere
within the confines of such chemistry
Pre-Chorus:
    Am
It s the way I see everything I need
   Am
It s the way to be
Chorus:
Let this be our little secrets
No one needs to know were feeling
Am
Higher and higher and higher
Higher and higher and higher
But I feel alive and I feel it in me
Up and up I keep on coming
higher and higher and higher
```

higher and higher and higher

```
Verse:
My face blew up at such a casual sight
this miracle is of ecstatic fright
they ll rush above me to oblivion
outlining white sidewalks with halogen
oh have you ever felt so god damn strong
how come it takes some people so damn long
he tried to squeeze the lemon juice to rain
the citrus drawing out the seasons stains
Pre-Chorus:
Watch the basin drain
Am
as your life lines wane
and you cant explain
as your friends complain
you ve caused all this pain
and you proudly shame
    Am
your whole families name
Chorus:
Let this be our little secrets
No one needs to know were feeling
Am
Higher and higher and higher
Higher and higher and higher
But I feel alive and I feel it in me
Up and up I keep on coming
higher and higher and higher
higher and higher and higher
```

Mother i can tell what you ve been thinking
staring at the stars on your ceiling
thinking once there was a power that you were wielding
and now ive hit the mark
staring at the dark
and i cannot help but ignore
the people staring at my scars
Chorus:
Let this be our little secrets
No one needs to know were feeling
Am
Higher and higher and higher
Higher and higher and higher
But I feel alive and I feel it in me
Up and up I keep on coming
Am
