A **Bm**

Dear friend as you know

F#m

Your flowers are withering

A **Bm**

Your mother s gone missing

F#m

Your leaves have drifted away

And I ve come reveling

Put down your sword and crown

Come lay with me on the ground

A **Bm**

You come beating like moth s wings

F#m

Spastic and violently

A **Bm** **F#m**

Whipping me into a storm

Shaking me down to the core

A **Bm**

But you run away from me

F#m

And you left me shimmering

Like diamond wedding rings

F#m

Spinning dizzily down on the floor

A Bm

You re just like your father

Buried deep beneath the water

Your resting on your laurels

Is stepping on my toes
