

I Dont Want To Be Your Friend
Pat Benatar

Intro: riff **Dm** riff **F** riff **Gm Am Dm**

Did you see me last night **Dm**

I was there in the dark **F**

I saw her look at you, the way I used to do **Gm Am**
When I still had your heart. **Dm**

I watched you take her hand
There was love in your eyes
I remember when you looked at me that way too
Before we said good-bye

I donâ€™t want to be your friend **Bb**

I just want to be your lover **Dm**

I donâ€™t think I can pretend **Bb**

That you mean nothing to me **F Am**

Itâ€™s hard enough to say good-bye **Bb Gm**

Even when you know itâ€™s over **Dm**

I donâ€™t want to be your friend **Bb C**

I want to be your lover **Dm**

Am I gone from your thoughts, forgotten somehow **Dm F**

When you lie there with her **Gm**

Does my memory stir, any part of you now **Am Dm**

I know I should realize Iâ€™m not a part of your life anymore,
