[Verse]

E
Out on the road last night

A7 **E**
I saw a terrible fight

E **B7**
Something bout who was right and who was wrong

E
Nobody cared who won

A7 **E**
We all had our fun

E **B7** **E**
Out on the road to Kingdom Come

E
On up along the rise

They re selling truth and lies
A7 E
Whatever the buyer buys the truth becomes
E B7
Til it don t matter none
E
It s look out for number one
A7 E
Out on the road to Kingdom Come
E B7 E

[Chorus]

Out on the highway side
A7
Over the great divide
E
Knowing the endless night is just begun
E E7 C#7 F#m7 / B

It s such a lonesome drive
E
How can a soul survive
A7 E
Out on the road to Kingdom Come
E B7 E

[Verse]

I saw a love so great
E
I saw the strongest hate
A7 E
I felt the awful weight of choosing one
E B7
I saw Hope and Despair
E
Playing Truth or Dare
A7 E
Out on the road to Kingdom Come
E B7 E

[Chorus]

There s no highway sign
A7
There s no light to shine
E
You can lose your mind if you have one
E E7 C#7 F#m7 / B
You better hope and pray
E
You can find your way
A7 E
Out on the road to Kingdom Come
E B7 E

A7

Well so long yesterday

E

And the lost highway

E E7 C#7 F#m7 / B

You can never stay where you came from

E

Into the Great Unknown

A7 E

You got to go alone

E B7 E
