D#	Bb	D#	F
When I`m up in my room (and I`m thinkin`of you)			
And I`m thinkin`of you (when I`m up in my room)			
I`m just finding my way to this scenes today			
just let the music play			

Emancipate in my add(?)
From Hollywood love to manic people of god
Emancipate in my mind
From a system designed yeah to the limeted of(?) kind
But I leave that behind

Chorus 1

Left through the eyes on the beach
Planned a family tree and live in harmony
Only in love we are free
That`s why I`m down on my knees
Yeah to make you my queen
My mind and I don`t makin`peace
Didn`t come ya to please
Nobody but ya let my colours increase
Let us run to the east
Let my us look for the keys
that can not underrooms(?)
Yeah check up Patrice

Chorus1

Chorus2:

When I`m up in my room (and I`m thinkin`of you)

And I`m thinkin` (when I`m up in my room)
That..... under my feet oh this feeling so sweet
So would you dance with me

We all want love and happiness
as long as theres a heart within our chest
believe in yourself and love will do the rest
mmh we have to manifest
some wanna understand some overstand
some wanna live some wanna be lived by than
for others that don`'t know what I`m sayin`
let me breake it down again

Chorus(2x)
