Verse

**E B E F#**

Play it like the Intro

Text

Chorus 1:

**E B E F#**

When I`m up in my room (and I`m thinkin`of you)  
And I`m thinkin`of you (when I`m up in my room)  
I`m just finding my way to this scenes today  
just let the music play

Emancipate in my add(?)  
From Hollywood love to manic people of god  
Emancipate in my mind  
From a system designed yeah to the limeted of(?) kind  
But I leave that behind

Chorus 1

Left through the eyes on the beach  
Planned a family tree and live in harmony  
Only in love we are free  
That`s why I`m down on my knees  
Yeah to make you my queen  
My mind and I don`t makin`peace  
Didn`t come ya to please  
Nobody but ya let my colours increase  
Let us run to the east  
Let my us look for the keys  
that can not underrooms(?)  
Yeah check up Patrice

Chorus1

Chorus2:

When I`m up in my room (and I`m thinkin`of you)

And I`m thinkin` (when I`m up in my room)  
That..... under my feet oh this feeling so sweet  
So would you dance with me

We all want love and happiness  
as long as theres a heart within our chest  
believe in yourself and love will do the rest  
mmh we have to manifest  
some wanna understand some overstand  
some wanna live some wanna be lived by than  
for others that don` t know what I`m sayin`  
let me breake it down again

Chorus(2x)
