Spotlight Patrick Stump

Spotlight - Patrick Stump
Tabbed by oh-nostalgia (Sarah).
This works for both versions of the song, except for the chorus. The one in this tab is for the
Oh Nostalgia version, but for New Regrets version, it s:
F
Cause you could be your own spotlight (a-yo, a-yo) G C
You could be your own spotlight (a-yo, a-yo)
And that progression repeats through the chorus. The intro chords also have different timing in NR than in ON but it s not too hard to figure out.
hard to figure out, and NR doesn t have the piano part or the outro.
Besides the above, this works for both songs!
I prefer to use bar chords but open chords work too.
Really simple and easy to play.
Feel free to redistribute, as long as you don t take the credit. (This is my first tab/chords so I hope it works for you!)
