No one here but us and the sound

Of the stars and the night owls  
**C F C**  
Your breath and the rolling clouds  
**F G C F C**  
Enchanted, I am, by you

**F G**  
Now love has come to me  
**C F C**  
And set apart thee  
**F G**  
From all of the maddening crowds  
**F G**  
The orchard is leaning her bows  
**F G**  
To hear our laughter  
**C F C**  
And we roll in the arder  
**F G C**  
Enchanted, i am, by you
