

Ghost Song

Patrick Wolf

As there are no real chords in this song, I d advise you to play just the note root & fith of a chord, else it may sound ugly

verse chords (c5, d#5 & f5) can also be played as full major chords
chorus chords (d#5, d5, c5) can also be played as D#, Dm and Cm. Not sure about that, though

C5 D#5 F5 (repeat)

While I m asleep
My spirit crawls out
Of my belly button
And goes down to the sea

To gather the wind
The wires and the shore
To wander the hills
Like a day gone before

(chorus)

D#5 D5 C5

When beauty was in season
Oh! Beauty in season!
Endangered by reason
Great love with no law

C5 D#5 F5

Today I woke
And my spirit was gone
Still on the shore
Where he truly belongs

So I call
For him
Across
The wind
And
Rain

D#5 D5 C5

To come and bring beauty
Back in season
Oh! Beauty in season!
I m in danger of reason
Losing love to this law

C5 D#5 F5 until end
To this....
