Hey Peter Pan, I m going home now

C F

I ve done all I can, besides I m grown now

G F

I ll think of you, all painted with the night

G F C F

You sit and watch from somewhere as one by one the lights go out

I wrote a note to tell you how you matter
When the rain came down all the letters scattered
And washed away, drifted off to never
Where I ll be safe from you now forever
I believe you now when you say that this will hurt
So I don t have to go and play with you in the dirt now
