And even I'm getting tired of useless desires

Every day I take a bitter pill that gets me on my way

For all the little aches and pains the ones I have from day to day
To help me think a little less about the things I miss
To help me not to wonder how I ended up like this
Walk down to the railroad track and ride a rusty train
With a million other faces, I shoot through the city veins
Goodbye, goodbye, goodbye, old friend, you wanted to be free
Somewhere beyond the bitter end is where I wanna be

How the sky turns to fire against a telephone wire
And even I m getting tired of useless desires

Say goodbye to the old building that never tried to know your name
Goodbye, goodbye, goodbye, old friend, you won t be seeing me again
Goodbye to all the windowpanes, shining in the sun
Like diamonds on a winter day, goodbye, goodbye to everyone

How the sky turns to fire against a telephone wire
Burns the last of the day down an I m the last one hanging around

Waiting on a train track, and the train never comes back
And even I m getting tired of useless desires
