

E **A**

Snow bound siren in the winter dawn

E

There's a blizzard blowing in from off the river

A

It's ten below out on these city streets

FB

But the feeling in your heart is even colder

B

The sunrise screeching down the line

And the fogbanks running out of time

E

But you won't be here when they creep in tomorrow

A

You're tired of dreaming someone else's dream

E

When they really don't include you any longer

A

Miles from home you're sliding down with each day

E

And you need a woman's love to make you stronger

B

And lately you've been having doubts

A voice inside keeps calling out

E

That someone else's dream don't get you nowhere

E **A**

So shut the suitcase kiss the year goodbye

E

Don't let nobody stop you at the doorway

A

And close the shutters on this empty room

E

Where these crazy dreams come crawling to devour you

B

And head on out across that line

Where she's been waiting all this time

E

And tell her that you want her there forever

E

A

It's still two hours till this plane gets down

E

Can hardly bear to wait another minute

A

Your sweet loving babe is all that I need

E

Darling it's been building up inside of me

B

Tonight we'll go and paint this town

We're gonna drink champagne till we both fall down

E

And we'll find some other crazy dream tomorrow
