

D G
 Snow bound siren in the winter dawn
 D
 There's a blizzard blowing in from off the river
 G
 It's ten below out on these city streets
 Ebb
 But the feeling in your heart is even colder
 A
 The sunrise screeching down the line
 And the fogbanks running out of time
 D
 But you won't be here when they creep in tomorrow
 G
 You're tired of dreaming someone's else's dream
 D
 When they really don't include you any longer
 G
 Miles from home you're sliding down with each day
 D
 And you need a woman's love to make you stronger
 A
 And lately you've been having doubts
 A voice inside keeps calling out
 D
 That someone else's dream don't get you nowhere
 D G
 So shut the suitcase kiss the year goodbye
 D
 Don't let nobody stop you at the doorway
 G

And close the shutters on this empty room

D

Where these crazy dreams come crawling to devour you

A

And head on out across that line

Where she's been waiting all this time

D

And tell her that you want her there forever

D

G

It's still two hours till this plane gets down

D

Can hardly bear to wait another minute

G

Your sweet loving babe is all that I need

D

Darling it's been building up inside of me

A

Tonight we'll go and paint this town

We're gonna drink champagne till we both fall down

D

And we'll find some other crazy dream tomorrow
