

**Thats What I Love About Jesus**  
**Paul Brandt**

**G#**

I ve had people say

**C#**

That I m a self made man

**G#**

I d like to set the record straight

**Bbm**

**Eb**

Because I never could have planned

**Fm**

(G) **G#**

The way my life has gone

**G#**

**G#/B C#**

And the blessings I ve received

**Bbm**

**G#/B**

**Eb**

It had nothing to do with me

I love to sing and play

And travel with these songs

But I ve got to give the praise

Back to where it all belongs

Before I was even born

He knew what my job would be

He made me who I am for all the world to see

(Chorus)

**G#**

**Eb**

That s what I love about Him

**Fm**

**C#**

That s why I talk about Him

**G#**

**Eb**

And friend I d be lost without Him

**Bbm**

**G#/B**

**C#**

**Eb**

He makes this world make sense to me

**Fm**

(G) **G#**

And He let His life end

**G#**

**G#/B C#**

Just so He could be my friend

**G#**

**Eb**

**G#**

That s what I love about Jesus

Now it doesn t make me perfect

Or any better than you

And yes, He is my crutch

And He s my wheelchair too

Cause I can t do it on my own

He gives me all my strength

His power helps me make it through each day

(Chorus)

So if you hear this song  
You ve got to make a choice  
To just keep rolling along  
Or to listen to His voice  
Since I gave my heart to Him  
I have been set free  
Yeah, He s made all the difference to me

(Chorus)
