

## Mid Air

Mid Air by Paul Buchanan

**C**

The buttons on your collar  
The Colour of your hair  
I think I see you everywhere

**F**

I want to live forever  
And watch you dancing in the air

**C**

**F**

**G**

All the lies and make-believe

**Em**

**Am**

The very things that one day leave

**F**

**G**

**Em**

**Am**

But I can see you standing in mid air

**C**

The girl I want to marry  
Upon the high trapeze  
The day she fell and hurt her knees

**F**

And only time can make you  
The wind that blows away the leaves

**C**

**F**

**G**

For everything that life was worth

**Em**

**Am**

The fallen snow, the virgin birth

**F**

**G**

**Em**

**Am**

Yeah I can see you standing in mid air

**F**

**G**

**C**

**F**

**C**

I can see you standing in mid air.
