Is That It
Paul Colman

I didn t find the lyrics nor the chords to this wonderful song, and I thought that was
way too bad. So here is my summer-day s work of producing the lyrics and chords from my
ear from my spotify, hope it is of someone s joy :)

Capo 3

Verse 1:
```
G#m      /Bb  B        F#              G#m
They never told you when you were young
     /Bb         B         F#        G#m
That you would have your day in the sun
    /Bb          B         F#       G#m
Then it would all start coming undone, yeah
C#m         /Eb  E           B        C#m
  Don t you know that it took me years?
        /Eb  E           B                  C#m
A lot of hard work, blood, sweat and tears
      /Eb  E           B        G#m        B
Just to make it with my own two hands
```

Chorus:
```
           C#
Is that it?
                             Ebm
Is this what I ve been living for?
          B                           F#              C#
 Cuz if that s all there is, there s gotta be something more
```

```
    C#         G#m
e|-0-------0-|
B|-2-------0-|
G|-2-------0-|
D|-2-------2-|
A|-0-------2-|
E|---5-3-2-0-|
```

Verse 2:
```
G#m  /Bb  B         F#          G#m
   Hey man, take a look at my place
  /Bb        B         F#          G#m
I love the smile that it puts on your face
/Bb   B         F#         G#m
But I wonder was it worth the chase
```

```
C#m               /Eb  E           B    C#m
    Cuz now I m sitting here all alone
        /Eb  E        B        C#m
I guess I reap what I have sown
   /Eb  E           B        G#m      B
I m a king on a lonely throne

Chorus x2

Bridge:
E                               B
   Hide your wide picket fences
                      D
Keeping up with the Joneses
                        A    B            E
Think I m coming to my senses, finally baby
                          B
Sometimes you get what you want
                    D
But it s not what you want
                  A
You re all that I want
          B
So I keep asking myself,

Chorus:
          C#
Is that it?
                        Ebm
Is this what I ve been living for?
         B                            F#                 C#
 Cuz if that s all there is, there s gotta be something more
```
