I took those pin-ups to my heart
      E7
Cause I hadn t found you yet
In back of cab in the streets of Rome
I drunkly called a name
On 13th floor in Paris hotel
I looked north west in vain

In bus shelter and phone box
Whilst piss the piss ran round my feet
                 G*
I caught wrong bus, rang wrong number
Cause my life was incomplete

So in case you think it wrong to ask
In case I don t ask you
                  G*
In case it may just cross your mind
In case it don t, I do
In case you think it s up to me
In case I need a clue
                   G*
In case you want that bended knee
In case you don t, I do
```

In pick-up truck on dusty road The wheel your only friend

What kept that big wheel turning Was the thought of you at end

On desert highway hitch-hiking Thumbing from A to B I knew not where I headed Before my map to thee

At foot of the Alps in Switzerland I yodelled through the rain And it sort of kept me going To think you d probably do the same

So in case you think it wrong to ask In case I don t ask you
In case it may just cross your mind In case it don t, I do
In case you think it s up to me
In case I need a clue
In case you want that bended knee
In case you don t, I do

I miss them half as much  $% \left( 1\right) =\left( 1\right) ^{2}$

Cause halfway up that mountain pass

No compass or no guide

Still don t stand me steady for

When you I m not beside

So if you need a shelter
I guess I ll need one too
If you want the same address
Even if you don t, I do
