

After The Ball - Million Miles
Paul McCartney

D **D/F#**
After the ball, after the ball
 G **Bm**
You were the one out in the hall
You were the one
 E7 A7 **D G/D D**
The one who would love me after the ball

After the ball, after the ball
You were the one out in the hall
You were the one
The one who would love me after the ball

D **D/F#**
Well, I arrived, looked around
 G **D**
But the room was full of strangers
 A
Nowhere was a friendly face to be found
 D **D/F#**
Later on, I awoke
 G **D**
But the party, it was over
 A **D G/D D**
There you were, waiting to bring me round

After the ball, after the ball
You were the one out in the hall
You were the one
The one who would love me after the ball

After the ball, after the ball
You were the one out in the hall
You were the one
The one who would love me after the ball
