I can t help it if I m starting to smile
I ve got a full gas tank
And it s only a mile
Till I ll be with my little woman
I m ready to see her

So I say, Bye bye melancholy listen to me
We had a long long ride
But it isn t to be
I ve found a real fine woman
I m heading to see her now

Get out of my way
Get out of my life
I don t need anybody to tell me
How to be right
Don t try to stop me
I ve got the answer
I won t need anybody except my woman tonight
