Happy With You
Paul McCartney
[Intro]

I sat round all day
I used to get stoned
I liked to get wasted
But these days I don t
          D
                     A/D
Cause I m happy with you
                             A/D
I got lots of good things to do, ooh yeah
GADGAAD
[Verse 1]
I walked around angry
I used to feel bad
But nowadays my days
Don t have to be sad
                       A/D
Cause I m happy, with you
                             A/D
I got lots of good things to do, ooh yeah
GADGAAD
[Verse 2]
Like, hear the high clear robin sing
Asus4
Walk a bluebell carpet
Watch the children playing games
Catch a moon and then drop it
Hear the gentle mantle roll
Asus4
On a frosty morning
Dm
```

```
See the mighty ocean break
Asus4
Like a sailor s warning
[Bridge]
I used to drink too much
Forgot to come home
I lied to my doctor
But these days I don t
                      A/D
Cause I m happy with you
                            A/D
I got lots of good things to do, ooh yeah
GADGAAD
[Verse 3]
Dm
                          Asus4
Throw a pocketful of coins in the Trevi fountain
See an ice cold running stream
Rushing down the mountain
Hear a new born baby lamb
Asus4
Calling for its mother
Watching reunited friends
Asus4
Loving one another
[Chorus]
I sat round all day
I liked to get stoned
I used to get wasted
But these days I don t
          D
Cause I m happy with you
                            A/D
I got lots of good things to do, ooh yeah
