

Keep Coming Back To Love
Paul McCartney

Bb

Ev ry time I see you,
C
admit into something new.

Bb

Doing unimportant things,
C **F**
all the foolish things that other people do.

Ev rything I m trying
doesn t feel quite right.
And I can t help wondering
why I ever let you out of my sight.

F **Eb** **Dm** **Eb**
So I keep coming back to love, wo-oh,
F **Eb** **Dm** **Eb**
yes, I keep coming back to love.
Bb **C** **Dm** **Bb** **C** **Dm**
Must I keep moving along this track?
Bb **C** **Dm**
I might get restless,
Eb **C**
won t you, please, hold me back?
Eb **C**
Won t you, please, hold me back?
F **Eb** **C#**
Because I keep coming back to love.

Inter:[**Eb** **C#** **F**]

Ev rywhere I get to,
I m always on my own.
Tryin to solve a mystery,
and if it was up to me I wouldn t be alone.
Anytime I miss you,
the feeling is so strong.
But the road I m travelling
is filled with echoes of your sweet song.

So I keep coming back to love, wo-oh,
yes, I keep coming back to love, wo-oh.
Must I keep moving along this track?
If I get restless,
won t you, please, hold me back?
Won t you, please, hold me back?
Because i keep coming back to love, Ooh.
