

**Really Love You**  
**Paul McCartney**

Intro:[E7 A E A B7]

**E7**

Well, I need you through the night,

**E7**

when the morning comes, I love the light.

**E7**

But in the night-time that dark is black.

**E7**

Come on baby, you got to help me get back.

**A7**

**E7**

**A7**

**B7**

I love you, oh yeah, I really love you, oh yeah.

Inter:[E7]

Do one thing, do one thing for me.

If you've got love then let me see.

If you feel it in your heart then show it right now.

You know I love you baby, I gotta get to you, get to you somehow.

Oh yeah, I really love you, oh yeah, I really love you.

You know it's true.

I really love you day and night.

Yeah, I really love you in the morning light.

I really love you, sure be right.

Come on little baby, gotta find out find out somehow.

Yeah, yeah, really love you, oh yeah, really love you.

I love the things you say and do.

I can't get over, how much I love you.

You know you do something special to me.

And that's the way I want it always to be, yeah.

Oh yeah, really love you, oh yeah, I really love you.

I need your love like a bear needs a break.

I need your heart, baby hopping on a plate.

I need the sunshine of your smile.

Help me walk, help me walk that extra mile.

Little baby, I love you.

Oh yeah, you know I really love you.

Oh yeah, you know it's true, oh yeah, I love you.

(I love you.)
