While we re sleeping we can learn to see that

Bb Ab

All the world s a tiny bubble

Bb

Floating inside

Bb Ab

Those of us who notice are

Bb

Expected to hide

Bb Ab

All the world s a tiny bubble

Bb D

Floating inside, the truth

When I look into your eyes

I cannot see the sky

Shining down upon the perfect garden

All the world s a tiny bubble

Floating inside

Those of us who notice are

Expected to hide

All the world s a tiny bubble

Floating inside, the truth

Gm C

You can t imagine just what I ve been going through

Gm C

I wouldn t wish it on a soul much less on you

Gm C

I well remember when my heart was free

Bb C

Soul could laugh, so could we

If you re part of my love

Don t leave home tonight

While we re sleeping we can learn to see that

All the world s a tiny bubble

Floating inside

Those of us who notice are

Expected to hide

All the world s a tiny bubble
Floating inside, the truth

Don t leave home tonight

You can t imagine just what I ve been going through
I wouldn t wish it on a soul much less on you
I well remember when my soul was free
Heart could sing, so could we

If you re part of my love
Don t leave home tonight
While we re sleeping we can learn to see that
All the world s a tiny bubble
Floating inside
All the world s a tiny bubble
Floating inside
All the world s a tiny bubble
Floating inside
