Breeze Paul Otten Oh there's something I wanna tell you right away Am Before the moment up and runs away Something you gotta know C You're the best thing Em I can think of around me Am You make livin' a piece of cake You settle down my world Oh this life is a breeze with you Sucha breeze with you Oh it's really easy Oh there must be Em Some kind of angel watching over me â€~Cause now my life is just like counting to three I might need somebody to pinch me Oh it's lovely Em Yes it's so lovely To have you right here with me You keep my head on straight

C Em
Oh this life is a breeze with you

Sucha breeze with you

Oh it's really easy
