

The Rhythm Of The Saints
Paul Simon

Intro **Am C Bb**

C
If I have weaknesses

Don?t let them blind me

Bb
Or camouflage all I am wary of

C **Bb**
I could be sailing in seizures of laughter

C **Am**
Or crawling out from under the heel of love

C
Do my prayers remain unanswered

Bb
Like a beggar at your sleeve

C
Olodumare is smiling in heaven

Am
Smiling in heaven I do believe

Reach in the darkness

(**C Bb**)
A reach in the dark

Reach in the darkness

A reach in the dark

To overcome an obstacle or an enemy

To glide away from the razor or a knife

To overcome an obstacle or an enemy

C

To dominate the impossible in your life

(**C Bb**)

Always a stranger when strange isn't fashionable

And fashion is rich people waving at the door

C

Bb

Or it's a dealer in drugs or in passion

C

Am

Lies of a nature we've heard before

C

Do my prayers remain unanswered

Bb

Like a beggar at your sleeve

C

Balalu-aye spins on his crutches

Says leave if you want

Am

If you want to leave

(**C Bb**)
