

**Once Around The Weekend**  
**Paul Westerberg**

INTRO: **F C F C\*** (maybe **G**)

VERSE:

**F** **C**  
I stay in every night of the week  
**F** **C**  
They try but I won t speak  
**Bb** **C**  
To be my friends  
**Bb** **C**  
You ll see me once I am on the mend

CHORUS:

**F C Dm C Bb**  
Oh man, once around the weekend.

I watch myself fall apart  
I watch the rabbits in my yard  
There goes another round the bend  
I gotta sweep this floor again

Oh man, once around the weekend  
Oh man, once around the weekend

Better  
You I know, I stay in five, six  
Sometimes seven days a week  
But ever so often I get that empty urge  
To go chasin a rabbit  
Go chasin that long black hair

Oh man, once around the weekend  
Oh man, once around the weekend

But I won t go out to relax  
And if you look hard you might see my tracks  
They call and try and be my friends  
I gotta sweep this floor again

Oh man  
Oh, oh man  
Oh, oh man  
Oh, oh man
