

Runaway Wind

Paul Westerberg

Paul Westerberg-Runaway wind

**A** **D**  
You don't blow like the breeze you were born to be

**A** **D**  
You die down in the trees and try to hide

**A**  
Will you witness the dark

**D**  
All you need is a spark

**Bm** **A** **E**  
A cathedral of torches to light the night

**D** **E**  
On your mark here I am

**D**  
I'm your spark

**A**  
Runaway wind

**D** **A**  
Run run away wind

**A** **D**  
You trade your telescope for a keyhole

**A** **D**  
Make way for the gray that's in your brown

**A**  
As dreams make way for plans

**G** **F#min**  
See ya watch life from the stands

**F#min** **Bm** **E**  
Come on I'll help you burn 'em to the ground

On your mark here I am

I'm your spark

Runaway wind

**G**  
He sees ya like a river

**D**

Deep and silent

**G**

And he runs to you like

**D**

A shallow noisy stream

**G**

F#min

I see what you've become and try to hide it

**G**

You need someone who sees

**E**

**F#**

**A**

What you were born to be
