

Phantoms Theme
Paul Williams

Phantom s Theme by Paul Williams

Am **F**
Half asleep I hear a voice
Am **F**
Is it only in my mind?
Dm **Am**
Or is it someone calling me
E
Someone I ve failed and left behind?

A **F**
To work it out I let them in
A **F**
All the good guys and the bad guys that I ve been
A
All the devils that disturbed me
F **E**
And the angels that defeated them somehow
Am
Come together in me now

Am **F**
Face to face I greet the cast
Am **F**
Set in silence we begin
Dm **Am**
Companions in an empty room
E
I taste their victory and sin

A **F**
To work it out I let them in
A **F**
All the good guys and the bad guys that I ve been
A
All the devils that disturbed me
F **E**
And the angels that defeated them somehow
Am
Come together in me now

A **E**
A tale of beauty and the beast
Bm **F#**
I defend my soul to those who would accuse me

A **E**
I share the famine and the feast
Bm
I have been the world and felt it turning
Bm **F#**
Seen the jester yearning to amuse me

Am **F**
Like a circus, on parade
Am **F**
Seldom close enough to see
Dm **Am**
I wander through an angry crowd
E
And wonder what s become of me

A **F**
To work it out I let them in
A **F**
All the good guys and the bad guys that I ve been
A
All the devils that disturbed me
F **E**
And the angels that defeated them somehow
Am
Come together in me now
