

**Waking Up Alone**  
**Paul Williams**

[Verse 1]

**D** **F#m**  
I took my chances on a one way ticket home  
**Em** **Gm**  
Growing tired of strangers and the kind of life I d known  
**D** **F#m** **A**  
Thought the time for settling down had come at last  
**D** **F#m** **A**  
Guess I hoped to find my future in the past  
**D** **F#m**  
Walk me with me darling where the wheat fields used to be  
**Em** **Gm**  
I will tell you stories of my times across the sea  
**D** **F#m** **A**  
You re the legenday girl I left behind  
**D** **F#m** **A**  
Can t begin to count the times you crossed my mind

[Chorus]

**B** **D#m** **G#**  
And oh, your children, well the youngest looks just like you  
**Em**  
She s a picture of her mother  
**Gm**  
But there ll never be another  
**D** **F#m**  
Quite like you  
**G** **A** **D** **F#m**  
You re an angel and a time that I don t know anymore  
**Em** **A** **D** **F#m**  
So good night, I ll take my memories to bed  
**Em** **A** **D** **F#m** **D**  
You know that be I ll waking up alone

[Verse 2]

**D** **F#m**  
I should have noticed that the years were slipping by  
**Em** **Gm**  
Still you re just as lovely as the day we said goodbye  
**D** **F#m** **A**  
Like an old familiar poem that just won t rhyme  
**D** **F#m** **A**  
I could get back to the place but not the time

[Chorus]

**B** **D#m** **G#**  
And oh, your children, well the youngest looks just like you

**Em**

She s a picture of her mother

**Gm**

But there ll never be another

Quite like you

**G**

You re an angel and a time that I don t know anymore
