Paula Cole " Be Somebody

**E** **H**  
I want to be somebody  
**C#m** **A**  
I want to make a difference  
**E**  
Little boy caught in a drive-by  
**G#m**  
Witnessed the killer who made his daddy die,  
**A**  
And cause he identified and signed the dotted line,  
**H**  
He could feel it in his stomach, he signed away his life  
**E**  
Little boy who once was the leader of his class  
**G#m**  
The little source of joy, always neatly dressed  
**A**  
Now would hang his head and be left crying at his desk,  
**H**  
Was found with his mother, lying in her lap  
**F#m**  
With two bullets in his chest  
  
**F#m**  
And,oh my god,what is this madness?  
**A**  
I will not let it kill by gladness  
**F#m**  
And,oh my god, what is this madness?  
**A** **H** **E**  
My joy inside will send this message  
  
**H**  
I want to be somebody  
**C#m**  
I want to make a difference,  
**A** **H** **E**  
For we all are children of the Mother  
**H**  
I want to be somebody

**C#m**

I want to make a difference,

Outspoken man, leading sisters and brothers,

Now, back with a mission to help us help each other

**E**

Respected from bourgeoisie to homeless in the street

**H**

From universities, Africa, the Middle East

**A**

And through the threats of death he spoke truth and set men free

**H**

But the power of the truth made enemies of the weak

**F#m**

He was killed by his own people

**F#m**

And, oh my god, what is this madness?

**A**

I will not let it kill my gladness

**F#m**

And, oh my god, what is this madness?

**A**

**H**

Shake off the system's chains, no longer be their fool

**E**

**G#m**

In the face of brutality, show the other cheek

**A**

**H**

Trigger-happy policing will never kill our dignity

**F#m**

And, oh my god, what is this madness?

**A**

I will not let it kill my gladness

And, oh my god, what is this madness?
