The circle of the moon, The rising of the sun, We ll be together soon, Our story s just begun

F#m A E D
Time will bring us near, I ll never be too far, Oh, baby, don t you fear, I ll always be where you are.

F#m A E D
You can dry my tears , But you can t stop the pain inside, I m trying to hide

F#m A E D
As I hold you near, I know I have to pull away, You know that I can t stay

F#m A E D
All of my life, No one has touched me the way that you do

F#m A E D
Wherever I go, I know that the road will lead back to you.

F#m A E D
So don t say goodbye, Don t turn away It doesn t have to end today

F#m A E D
Don t say goodbye, Cause I will love you til the end of time,

Don t say goodbye.

Can you feel my love inside , The way that my body s sighing, With your every breath
