Pavement

[Verse 1]

D **Bm**
Maybe someone s going to save me
G
My heart is made of gravy
D
And the laps I swim from lunatics don t count
Bm
Open up your stockings
A
Pull out all the things you never wanted
G **D**
From room service calls, room service calls

[Verse 2]

D **Bm**
Open up your hands and let me see the things you keep in there
G
I don t want to split up fifty-fifty
D
That s the way we do it in this rose town
Bm
I ve got all the glory in the world
A
I hope it doesn t floor you before you go
G **D**
Room service calls in the random falls, go!

[Chorus 1]

D
Whenever, whenever, whenever, whenever
A **G**
Whenever, whenev-ev-ev-ev-ev-ever I feel fine
D
I m going to walk away from all this, all that
D
The groovy groovy kitty, you little little pity
A
With your slip shag watching back
G **D**
You skinny, skinny people don t like that when you con them, spell me

[Verse 3]

D **Bm**
Spritzer on ice in New York City
G
Isn't it a pity
D
You never had anything to mix with that
Bm
Listen to the tender
A
Behind the open chest in the hall
G **D**
Room service calls, I'm blue and green and cream and blue

[Chorus 2]

D
Whenever, whenever, whenever
A **G**
When-nen-nen-nen-en-en-en-ever, oh I feel fine
D
I'll walk the plank for you
D
I'll walk the plank, I'll walk the plank for you
A
In the da-da-da-da-dark of the capi-federal
G **D**
Jacob, Jacob Javits, I'd like to thank you for everything, primarily your glass house
