

Debris Slide
Pavement

Band: Pavement
Song: Debris Slide
Album: Westing (By Musket & Sextant)

tab by Jackie Joyner

The main guitar on this song is probably in an alternate tuning, but it s easily playable without it. Once again I am tabbing this for one guitar though there are clearly 2.

Structure:

The man riff in the intro and verses revolves around a bend/pull off that looks like this:

Fig 1:

```
E|-----|
B|-----|
G|-3b4p0-----|
D|-5-----|
A|-----|
E|-----|
```

After playing this in the verse 2x the next riff goes like this:
[note: since the song is fairly noisy/sloppy, some combination of hitting all the notes like a chord and picking them individually should work]

Fig 2:

```
E|-----|
B|----0--0-----0-0-3p0---|
G|---5--5-----5-5-5-----|
D|--3--3----2-----|
A|-----|
E|-----|
```
