Intro: C, D7, C, D7, C, Bm
Julia you set the standards for me
Walk to your door
Beggin for it just to be more and
Am
     D
Julia I couldn t do much better than you
Said so yourself
I wouldn t want anyone else
C
                                            \mathbf{Em}
                  D
And I can t live without your love
                                           Em
And I can t live without your love
Well I can t live without you
Julia oh you re drivin me crazy
But I m a... I m a part of your plans
              D
                                                     G
Oh just a man while your dreams be
You re just a part of me
               Em
                                      Αm
                                                    D
Oh please see how much how much you mean to me
           Em
                                Am
                                                                         Am
Please see how much how much you mean to me Julia
Solo: Am, D
Am
And Julia straight away you ve had me
And I know I ve had you
You re a part of me too
                                           Em
And I can t live without your love
Well I can t live without you Julia
                                   Am
```

And I can t live without your love Julia
