Notes: The first track off their second album.

This song is very simple. It only has two different chord progressions.

You need to know bar chords to play this song.

I am in no way affiliated with Peach Kelli Pop.

Intro:

=====

B / G# / E / F#

B / G# / E / F#

Note: The E is played on the 7th fret and the F# is played on the 2nd for the intro AND chorus.

Verse:

=====

B / B / Eb / Eb

E / E / F# / F#

B / B / Eb / Eb

E / E / F# / F#

Note: The E is played on the 7th fret and the F# is played on the 9th for the verse.

And yes... there are two measures of each chord, depending on how you counted the song.

Basically, each chord in the verse is played twice as long as each chord in the intro and chorus.

Chorus:

=====

B / G# / E / F#

B / G# / E / F#

Verse:

=====

B / B / Eb / Eb
E / E / F# / F#
B / B / Eb / Eb
E / E / F# / F#

Chorus:

=====

B / G# / E / F#
B / G# / E / F#

Song ends on a B.
